

K-LOVE radio is very important to me and my family. I like having an alternative radio station to listen to. Not having this alternative will be detrimental to my listening pleasure. K-LOVE provides uplifting music when I need it. I like their morning shows and their radio personalities. It is great to have an alternative from the vile people that are on the radio today. I feel the public is given a better choice while K-LOVE is on the air. I give of myself to keep K-LOVE on the air. Please reconsider replacing K-LOVE with a Low Power FM station. Please keep K-LOVE as-is.
